

The Range Housing Co-operative Ltd.

Our Pledge to Become

Champions of Sustainability

A Core Value That Guides How We Live and Lead Together

Small everyday choices make a big difference!

We Take Care of Each Other

- Keep shared spaces clean and welcoming.
- Reduce noise and litter.
- Check on neighbours during storms or extreme weather.
- Share tools, skills, and resources.

A caring co-op is a strong co-op!

We Make Thoughtful Choices

- Be mindful of water and energy use.
- Borrow or share before buying new.
- Choose items that last.
- Take care of what you own.
- Think before you buy.

Small choices add up to less waste and a lighter footprint for our whole community.

We Care for Our Homes

- Keep heat inside during winter.
- Turn off lights and unplug devices.
- Run full loads of laundry and dishes.
- Report leaks and repairs early.
- Replace heat pump filters regularly and report concerns.
- Fix things when we can instead of replacing them.

Taking care of what we have keeps costs down for everyone.

We Rethink Waste

- Turn old towels into cleaning rags.
- Use packaging for kids' art projects.
- Compost food scraps.
- Donate or swap items instead of throwing them away.

Before throwing something out, ask:

Can this be reused, repaired, or repurposed?
